Sydney Dumaresq, principle architect SP Dumaresq Architect LTD.

Connections for heavy timber construction and new fastening details

Mark Gillis, Gillis and Company Timber Frames.

Changes in the 2014 Edition of CSA 086 Wood Design Standards

Dr. Ying Hei Chui, Faculty of Forestry and Environmental Management, University of New Brunswick

For speaker bios and information, visit the Events and Education area of our website

www.atlanticwoodworks.ca

Opportunities in mid rise construction, connection details and new wood design standards:

The National Building Code of Canada (NBCC) is under review to allow the height restriction of light wood frame construction to be increased to 6 stories. This change poses the following opportunities to our region:

- More competitive developments - estimated cost savings of \$30 - \$40 per square foot of construction when compared to concrete and steel materials
- Increased availability of affordable housing
- 6-storey mid-rise residential buildings can be among the most economical structures for sustainable urban densification to prevent urban sprawl
- Increased tax base for municipalities
- Minimized carbon footprint of building construction
- Opportunity to partner with other building material industries to achieve optimal results

If you are an architect, civil or structural engineer, developer, building designer or contractor, construction technologist, municipal official, building and fire code official, student or professor, the information at this event pertains to you.

3 Step Registration:

1. Complete the online registration form at:

www.atlanticwoodworks.ca

2. Select the event you're registering for:

- Tuesday, December 2nd - Delta Brunswick Hotel Saint John, New Brunswick
- Wednesday, December 3rd - Delta Prince Edward Charlottetown, Prince Edward Island

3. To secure your space, mail a \$25.00 *deposit (in the form of a cheque) payable to:

Maritime Lumber Bureau

Address:
Maritime Lumber Bureau
P.O. Box 459
Amherst, Nova Scotia
B4H 4A1

* Deposits are refunded upon attendance
